# SLUH

## AD MAJOREM DEI GLORIAM

August 2019

Dear Soccer Fans and Friends of St. Louis University High School,

Welcome to St. Louis University High School and the display of athleticism and competition that you will see during today's soccer game. Please join me in celebrating the beauty of this great game in its 76th year here at SLUH by supporting all the athletes, joyfully and vocally cheering the Jr. Bills to victory. It has been an incredible year in American soccer as the US National Women's Team displayed dominance and incredible talent in their World Cup victory and the US National Men's Team played for the championship in the CONCACAF Gold Cup. As US soccer continues to build a legacy, we in St. Louis and at St. Louis University High School have been blessed to be at the nexus of the great history and growth of soccer in America and its growing and passionate following, which the game continues to build upon.

Sport since the early writings of the Jesuit's founder, St. Ignatius, have been an important part of a well rounded and healthy educational and formation experience. Team work, humility, conviction, hard work, overcoming obstacles, learning to win and lose gracefully are just a few of the valuable life lessons that come from sport and the experience of being part of a school team. I encourage you all to see the brotherhood of sport as a place and opportunity to celebrate God given talents and opportunities. Our hope is that you will be part of the program by helping our young men seek moments of grace and growth through the wins, the losses, the friendship and celebrations. Let us all seek to be healthy models of competition and self discipline as we represent SLUH and celebrate this beautiful game.

Peace,

Alan Carruthers  
President  
St. Louis University High School
